

Technician Objectives for AISHP's Fall Clinical Meeting 2010

For additional details and to register, please see the program announcement available on AISHP's website.

8-9a "COPD: Topics of recent interest" (ACPE #0172-0000-10-015-L01-T) (0.1 CEU)

Nathan Pinner, PharmD, BCPS

1. Discuss the appropriate handling of medications that are used for the treatment of COPD.
2. Review appropriate delivery methods for medications used in patients with COPD
3. Discuss appropriate formulations of medications used in COPD exacerbations

9-10a "Chronic Myelogenous Leukemia: Considerations for Selecting and Managing Therapy" (ACPE #204-000-10-426-L01-T) (0.1 CEU)

R. Donald Harvey, Pharm.D., FCCP, BCPS, BCOP

1. Describe the epidemiology, molecular biology, clinical presentation, and disease progression of chronic myelogenous leukemia (CML).
2. Describe the currently accepted standard treatments and response monitoring parameters for CML.
3. Describe the role of second-generation tyrosine kinase inhibitors (TKIs) in imatinib-resistant CML and emerging evidence related to their use.
4. Identify options for preventing and managing toxicities, drug-drug interactions, and drug-food interactions related to TKIs.
5. Identify areas of emerging research related to therapies for CML.

11a- 12p "Alabama State Board of Pharmacy/Legislative Update" (ACPE #0172-0000-10-016-L04-T) (0.1 CEU)

Rob Nelson, PharmD/Cherry Jackson, PharmD, BCPP, FASHP

Objectives:

1. Outline State Board initiatives and processes
2. Discuss current State Board issues
3. Describe the current legislative issues at the local, state, and national level

1:30 – 2:30p "Opioid REMS - The landscape for practice will change" (ACPE #0172-0000-10-017-L01-T) (0.1 CEU)

Karen Marlowe, PharmD, BCPS, CPE

Objectives:

1. Discuss changes that will occur related to preparing and dispensing opioid medications.
2. Review the formulations of opioids that will be affected by this change.
3. Explain the type of paperwork that must be given to the patient when they pick up an opioid prescription from the pharmacy.

2:30 – 3:30p "Transplant Medications: They Let You Become a Little Bit of Someone Else" (ACPE #0172-0000-10-018-T) (0.1 CEU)

Nellie Rittase, PharmD, BCPS

Objectives:

1. Review the special delivery methods for anti-rejection medications.
2. Discuss appropriate preparation of anti-rejection medications
3. Outline special handling of anti-rejection medications

2:30 – 3:30p “Medication Pass Observation Error Reporting” (ACPE #0172-0000-10-020-L04-T) (0.1 CEU)

Tim Martin, PharmD

Objectives:

1. Discuss a brief history of the observation-based method of error detection
2. Describe at least three advantages of an observation-based medication error detection system
3. Explain a benefit of comparing your hospital’s medication safety performance with that of other safety-minded facilities when both are using the observation-based method

3:30 – 5:00p “Managing Pharmaceutical Waste in Alabama -for 2011 and Beyond” (ACPE #0172-0000-10-021-L04-T) (0.15 CEUs)

Simon Tanner

Objectives:

1. State why you need to know about hazardous pharmaceutical waste
2. Explain the different categories of hazardous pharmaceutical waste
3. Define the rules governing disposal of hazardous waste pharmaceuticals - specific to Alabama hospitals.
